Canterbury Collection

TMC Furniture
The commanding presence of the Cantebury Collection provides designers and architects with exciting possibilities. The line includes single, double and quad units that can be linked to form larger configurations. Special carrels, such as media-stations, standing-OPACs, hexagonal and pinwheel versions are also available. The line features creative cut-out shapes that can be drawn from TMC’s CutOut™ Portfolio or custom manufactured to accentuate other design elements in the library. Power/Data and computer access components are available.
