Wheatland Kestrel Carrel

Wheatland Kestrel Carrel

The Wheatland Collection is characterized by half-panel carrels that use one of our standard leg styles: Algonquin, Eisenhower, Finn, Flick, Kestrel, Lorca and Plover. The profile is light, yet the support is strong. Panels may feature cut-outs from our Design Portfolio or custom designs.

The Wheatland Kestrel is a classic design with a North American solid maple leg that is squared and tapered. Design options include numerous finish colors and cut-outs. Edge styles include: laminate, vinyl t-mold, maple and plywood edgebanding and solid wood edge. The line includes Arc and Linear profiles in single, double and quad units that can be linked to form larger configurations. Power/Data and computer access components are available. Pairs nicely with our Kestrel Chairs and Kestrel Tables. Pictured at right is the Kestrel Linear Carrel.

The Wheatland Kestrel Carrels are 29" high. See our Price List for size offerings.
